

# PRODUCT DATA SHEET

## FINE KILN DRIED SALT

Phone: 208-475-4742

### **Description:**

Lake Point Solar Salt is harvested, dried, and screened.

The product is fine solar salt that is white crystalline sodium chloride, crystallized from brines from the Great Salt Lake in Utah.

### **Chemical Analysis\*:**

<b><u>Components</u></b>	<b><u>Units</u></b>	<b><u>Typical</u></b>	<b><u>Min/Max</u></b>
Sodium Chloride	%	97	92.0 min
Ca + Mg	%	0.6	
Moisture	%	0.05	.01 max
Water Insolubles	%	>.02	.03 max

### **Sieve Analysis (size)\*:**

<b><u>U.S.S. Mesh</u></b>	<b><u>% Wt. Passing; Min/Max</u></b> <b><u>Range Typical</u></b>
#12	95-100
#14	80-95
#16	50-85
#20	15-75
#50	15-25
#100	0-10

**Bulk Density:** Pounds per cubic foot 70-75

**Product Location:** Stansbury Island Salt Plant, Grantsville, UT
